

## Step 1: Create profile

The screenshot shows the Ribbit Rewards login interface. At the top, there is a green frog mascot and the text "v0.9.1 #1050c0e9". Below this is a circular logo with a green frog and a speech bubble that says "Hello! Welcome to Ribbit Rewards". The login form consists of two input fields: "Email" and "Password", both with asterisks indicating required fields. Below the input fields is a "SIGN IN" button. At the bottom, there are three buttons: "Create profile" (highlighted with a red box and a red arrow), "Import", and "Settings".

v0.9.1 #1050c0e9

Hello! Welcome to Ribbit Rewards

SIGN IN

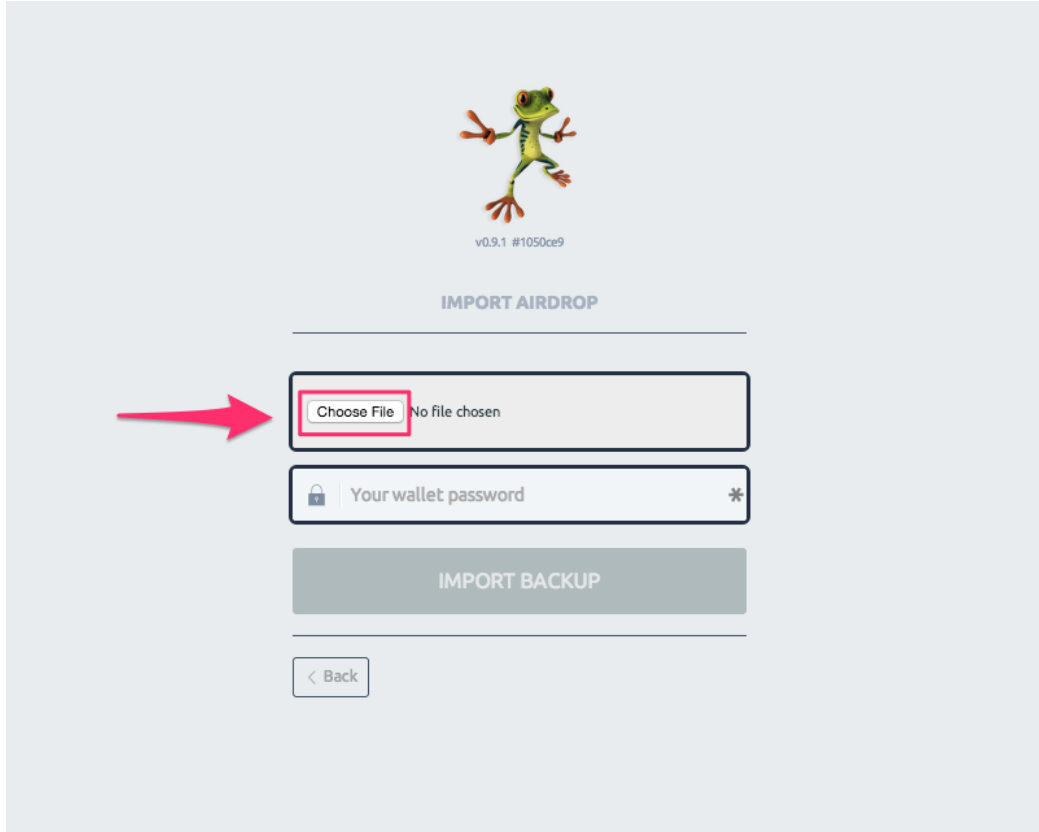

Create profile Import Settings

## Step 2: Click on “Import Airdrop”

### Step 3: Choose File

[Your file should be “RibbitRewards.wallet” (or something similar) - if you are not able to find it you can simply go to [www.ribbit.me](http://www.ribbit.me) and login into your Airdrop Account and download the wallet file again.]

v0.9.1 #1050ce9

#### IMPORT AIRDROP

Choose File

No file chosen

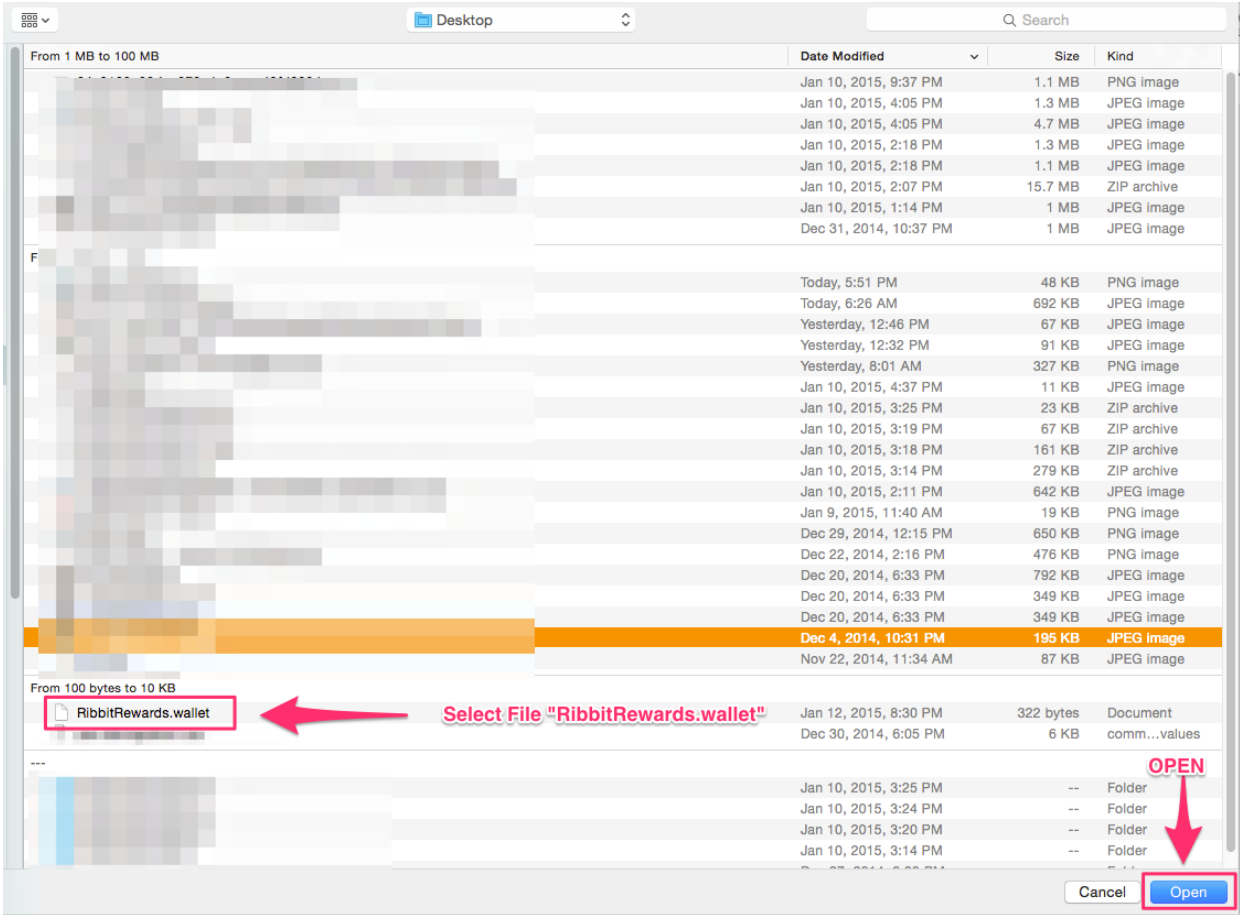

Your wallet password

IMPORT BACKUP

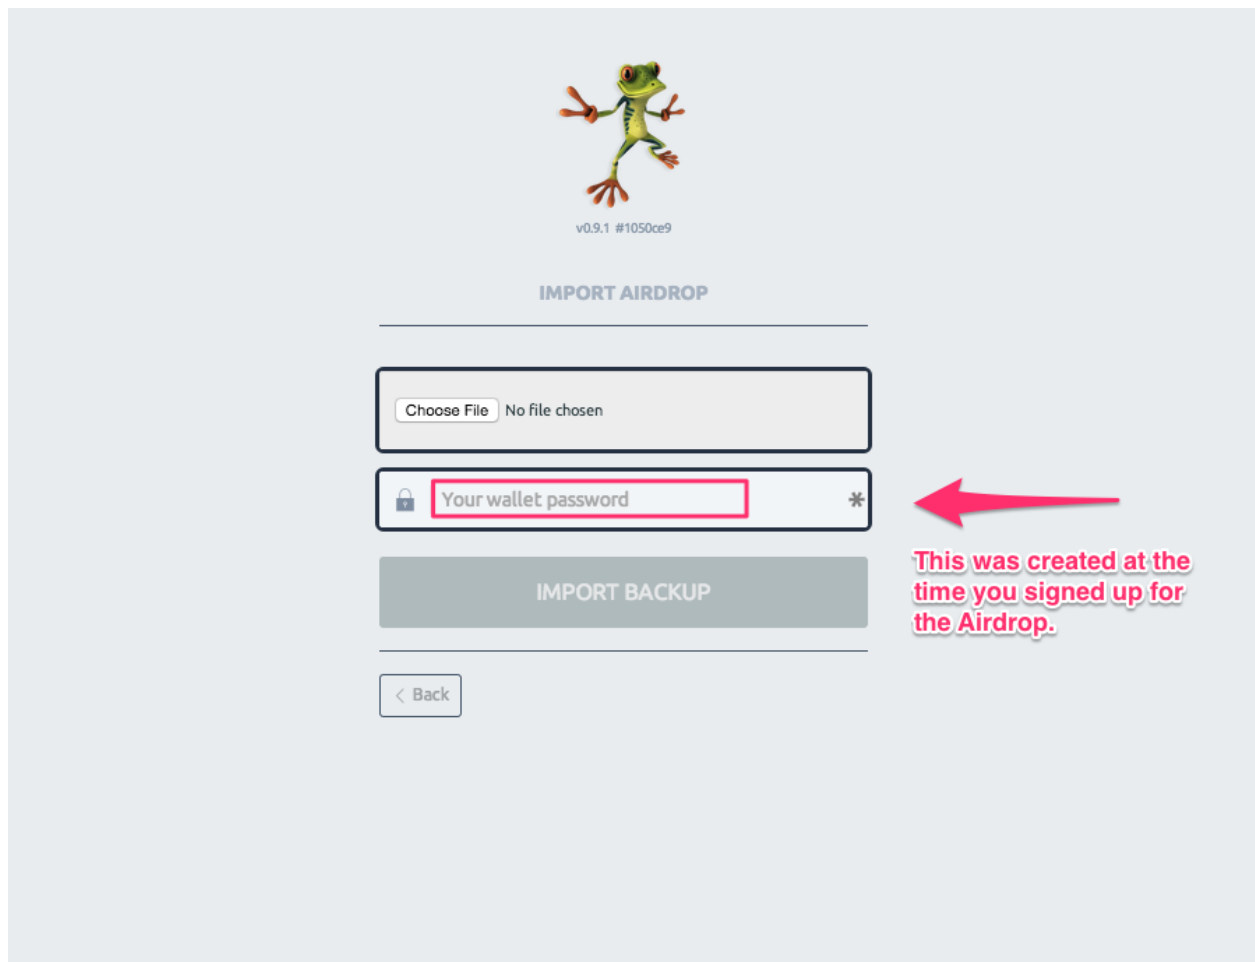

[< Back](#)

# Step 5: Select the “RibbitRewards.wallet” file and click Open

**Step 4:** Please input your wallet password.

*This was generated at the time of sign-up during the Airdrop. This is the password that is used to encrypt your wallet, we do not have access to reset your WALLET PASSWORD.*

v0.9.1 #1050ce9

IMPORT AIRDROP

Choose File No file chosen
